PROFILE

Front-end focused Full Stack Developer with experience building modern, responsive, and scalable web applications using React, TypeScript, and Tailwind. Strong interest in UI/UX, clean code, and real-time applications. Highly adaptable, responsible, and eager to contribute to technical teams.

WORK EXPERIENCE

ETK. Compute – Internship

July – December 2024

Web Developer & Graphic Designer

ETK Compute (U.S.-based company specializing in video game server hosting)

- Developed and optimized frontend interfaces using HTML, CSS, JavaScript, React, and Tailwind.
- Refactored code to improve performance, structure, and maintainability.
- Implemented secure forms with reCAPTCHA.
- Customized and extended WordPress themes and features.
- Collaborated with technical teams in a fast-paced environment.

Sepia – Personal Project

November – December 2025

Full Stack Developer

- Developed a real-time notes blog application.
- Built the frontend using React, TypeScript, JavaScript, and Tailwind CSS.
- Implemented user authentication using Supabase Auth.
- Used Supabase Database to manage user data and notes.
- Implemented full CRUD functionality (create, edit, delete notes).
- Enabled real-time text updates while typing.
- Focused on clean UI, usability, and performance.

Smash Food – University Project

April – July 2023

Full Stack Developer

- Built a complete recipe web application using React, JavaScript, HTML, and CSS.
- Integrated public APIs to fetch and display real-time recipe data.
- Implemented user authentication and favorites system.
- Designed reusable UI components and managed application state efficiently.
- Focused on responsive design and user-centered interfaces.

EDUCATION

Bachelor's Degree in Computer Science and Multimedia Technology

University of Costa Rica (2020 - 2025)

Dear Hiring Team,

I am writing to enthusiastically recommend **Luis Jonaikel Quesada Retana**. I had the pleasure of working with Jonaikel as the Director of ETKCompute.cloud and ETKMusic.dance, where he served as a **Full-Stack Web Developer and Designer Intern** from July 2024 to December 2024.

During his time with us, Jonaikel demonstrated exemplary **technical skills** and a high degree of **professionalism**. His ability to quickly grasp complex concepts and implement effective solutions was invaluable to our team. His key contributions included:

- Jonaikel transformed ETK Compute's digital presence by leading a website and branding overhaul that boosted site speed by 25%, cut errors by 60%, and increased user time-on-site by 30%.
- His proficiency in web development and visual design enhanced functionality and brand cohesion for both the main company and its ETKMusic.dance division. In recognition of the exceptional quality of his art and content deliverables, he was immediately entrusted with customer-facing projects.

Beyond his technical prowess, Jonaikel consistently displayed a **proactive attitude** and an impressive **commitment to learning**. He was always eager to take on new challenges, readily sought feedback, and integrated it to continuously improve his work. His **collaborative spirit** and **excellent communication skills** made him a valuable and well-liked member of our team. He seamlessly integrated with existing workflows and contributed positively to our team's dynamic.

I am confident that Jonaikel will be a significant asset to any organization. His combination of technical expertise, dedication, and eagerness to grow makes him an outstanding candidate. I highly recommend him without reservation.

Sincerely,

Michael X. Robrahn

Director

ETK Compute & Music
